Company Profile

RIGID METAL & WOOD INDUSTRIES L.L.C is a member of Hi-Tech Group of Companies, well experience in the field of Aluminium Fabrication, Steel Fabrication, Carpentry & Joinery works. Since 1996, Hi-Tech Group has provided the U.A.E. with reliable, cost effective commercial and industrial construction services. We have offices in Abu Dhabi, Dubai, Sharjah & Ajman. As a member of Hi-Tech Group of Companies, Rigid Metal & Wood Industries has the ability to provide our customers with the global presence and financial strength of a world class corporation and the expertise, "know-how" and market understanding of a local entrepreneurial operating company that can quickly adapt the needs of our clients.

Rigid is a client-focused, full service oriented firm and has the experience and know how to deliver high quality, complex facilities, on time within the budget. Our approach to each project is to bring together the right team with the right skill to meet and exceed your project objectives and clients expectations.

Rigid is engaged in manufacturing of quality Furniture, specialized in Joinery, Contracting, Steel Fabrication, Aluminum Fabrication, Wrought Iron and Cast Aluminium Products.

New technologies and concepts, together with the advent and proliferation of new materials and availability of competitive contemporary products have changed the complexion of furniture design, with the availability of modern machineries technology and concept we are able to cater to the stat of art quality furniture which demands combination of materials such as the variety of Woods, Steel, Glass, Mirrors, and Aluminium Products. Carving is subtly the most innovative ideas and traditional craftsmanship; we cater to each and every desire of the client.

Rigid's mainstream operation naturally offers design, from the basic of pieces to the most complex creations, all of which are undertaken by our in-house innovative designers, utilizing modern technology.

Rigid has a full compliment of internationally trained Cabinet Makers, Joiners, Carvers and Polishers, Production and Installation Team, as well as Design, Quality Surveyors, Sales and Accounts sections, Office and Administration support, which totals in excess of 1100 employees in our whole group.

Vision & Mission

Our common goal and vision is to engage directly in growth of UAE by providing the best quality Furniture, Glass, Aluminium, Wrought Iron and Cast Aluminium Products.

We have planned to establish the best manufacturing unit for Furniture, Wrought Iron and Cast Aluminium unit in Al Quoz industrial area. We are focusing our efforts on establishing long-term business relationships with our clients by consistently delivering unmatched cost effective results, and by exceeding their expectations. We offer customized products to our clients up to their satisfactions. With our extensive networking contacts and exposure to overseas clients, we are confident of maintaining our reputation as a quality manufacturer with outstanding workmanship.

This makes us specialist in the industry. With our commitment to research and product development, we will continue to offer the latest designs and materials enabling the company to be the ahead of competition at all the times.

Our key objectives are to provide employees with satisfying and stimulating environment, and we will be recognise for, setting the standards for excellence in creating these environments worldwide.

Principles ...

That Guide ...

Our Culture ...

1. We respect the value and contribution of every person and every job is essential to our success.
2. We communicate openly and honestly throughout the organization.
3. We do nothing that is unethical and dishonest.
4. We provide a work place free from harassment of any kind.
5. We actively listen to each other. We acknowledge and respect each other's value.
6. We recognize and reward performance.
7. We believe that teams, not individuals, are the essential unit of this organization for achieving high performance.

“Our Goal is the easy solution for our customer's comfort & satisfaction”

FLUSH DOORS SPECIFICATION

ADVANTAGE WHICH DEFINE OUR DOORS AT RIGID METAL & WOOD INDUSTRIES

- 1) Each door is entirely produced within our factory premises to make the installation process easy. Further, the doors can be installed after the site work is finished/completed.
- 2) each door is designed and manufactured to retain its normal shape even after years of usage on account of its unique chassis making it shirk/expansion proof.
- 3) all doors are manufactured according to Gulf specifications which comprise of:
 - a) The use of high quality raw material which will give a final & distinguished shape to the door.
 - b) sound proofing
 - c) scratch & Humidity proofing
 - d) Sealed in a way to stop dust pass through
- 4) The doors are produced using the latest and most advance Machinery available in the world today which ensure the highest quality and price benefits for the consumers.
- 5) Total flexibility is offered in choosing the Door colour & model, even before the final finishing of site /Building. This ensures the advantage of matching the doors together with your choice of furniture and other accessories for the home.

Wardrobes

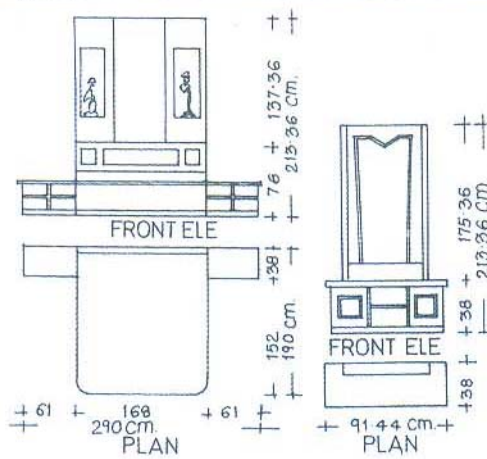

Two similarly designed bedrooms.

Wardrobes

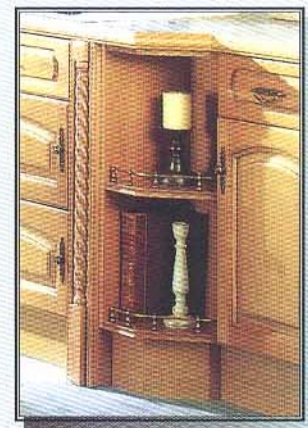

RMW-KIT01

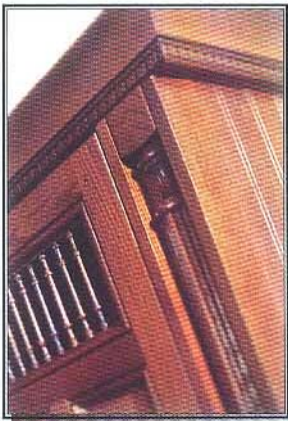

Kitchen Cabinets

Supreme quality in a solid oak frame with a gracefully arched veneered center panel, complemented perfectly by Pescara's subtle antique patina

RMW-KIT02

Barletta offers a solid chestnut frame and an elegantly grained centre panel, while the distinctive, pegged effect corners reinforce its classic appearance.

RMW-KIT03

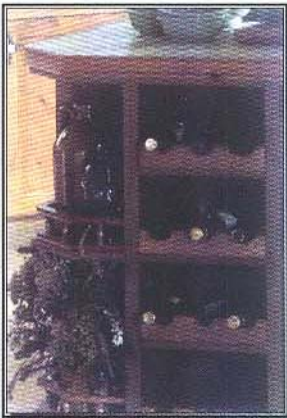

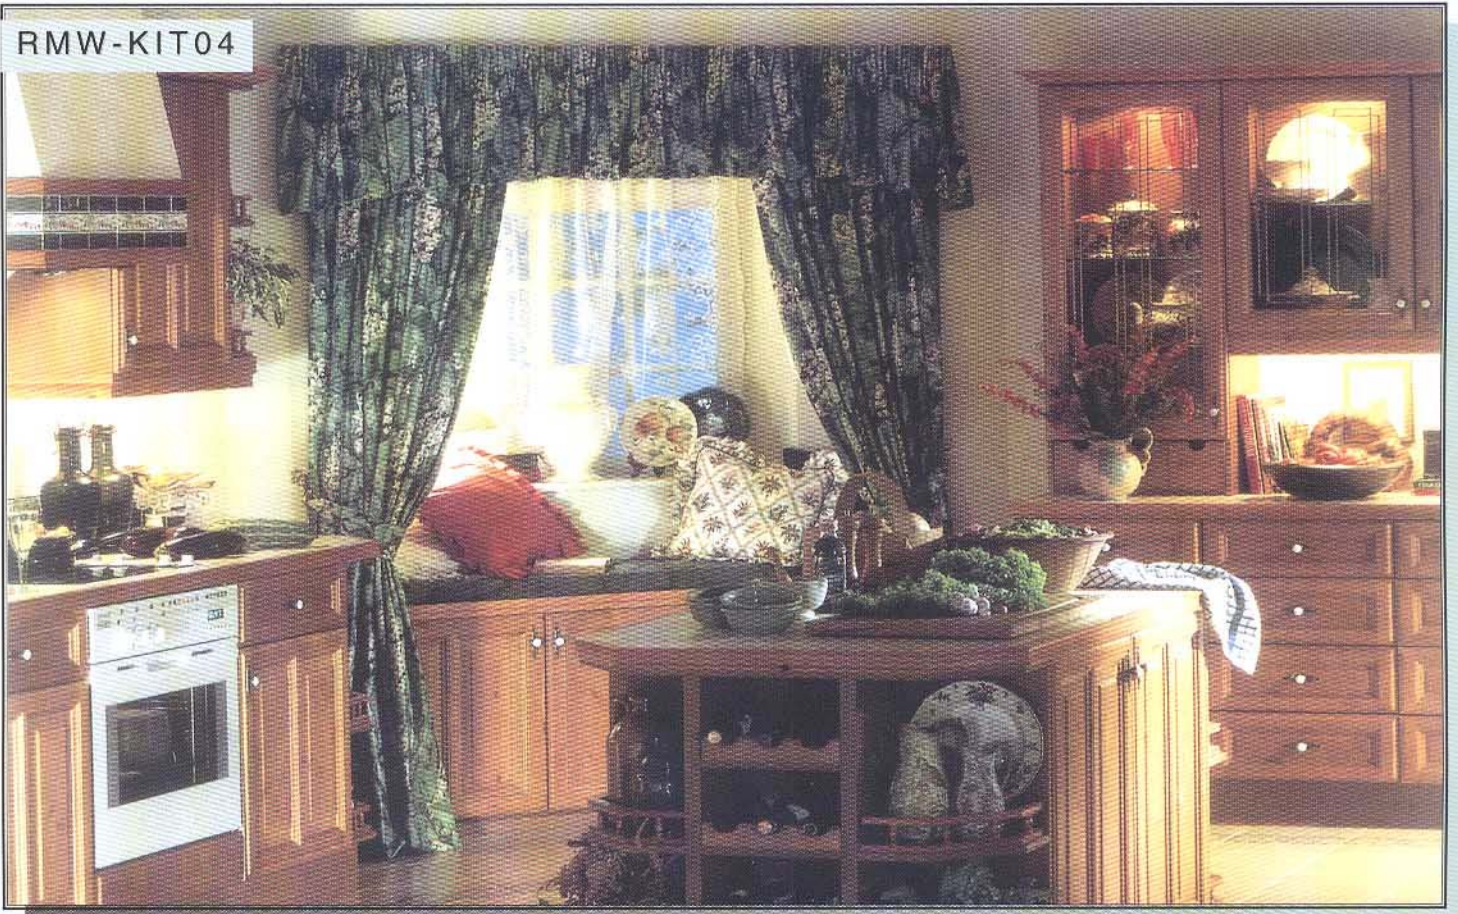

Kitchen Cabinets

Solid lime oak door frames, antiqued metal handles and a strong, square framed design offer the simple yet distinctive style of Piacenza

RMW-KIT04

The Salerno is clean, minimal and modern, produced with durable high gloss finish and available with glass effect or matt nickel handles

RMW-KIT05

Kitchen Cabinets

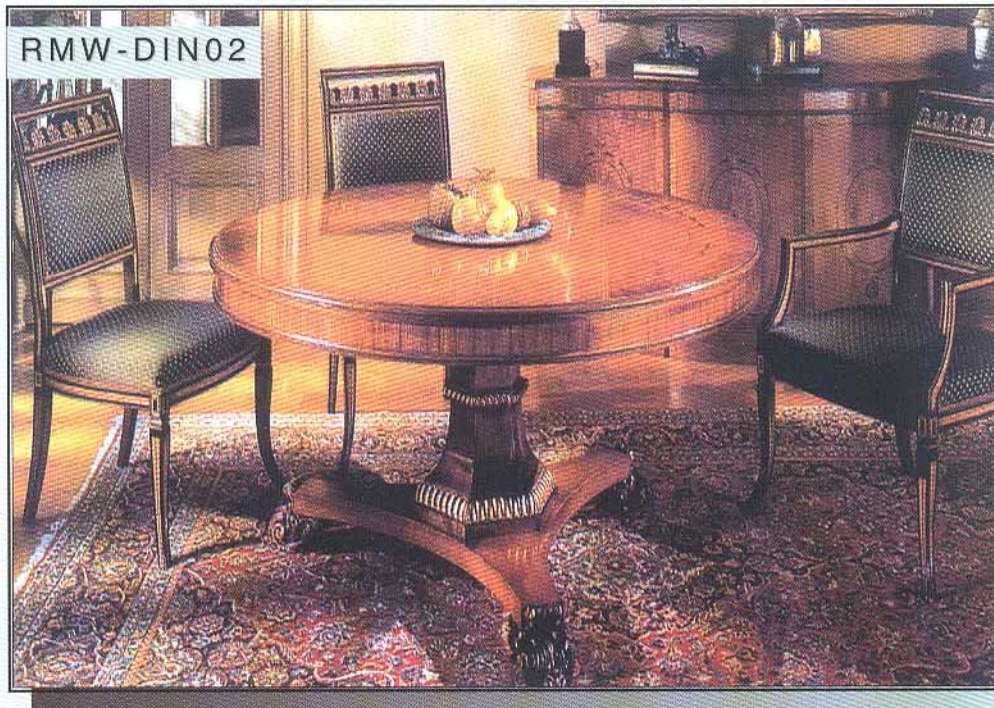

Solid pine, with a simple arch, is finished with a subtle antique patina

RMW-KIT06

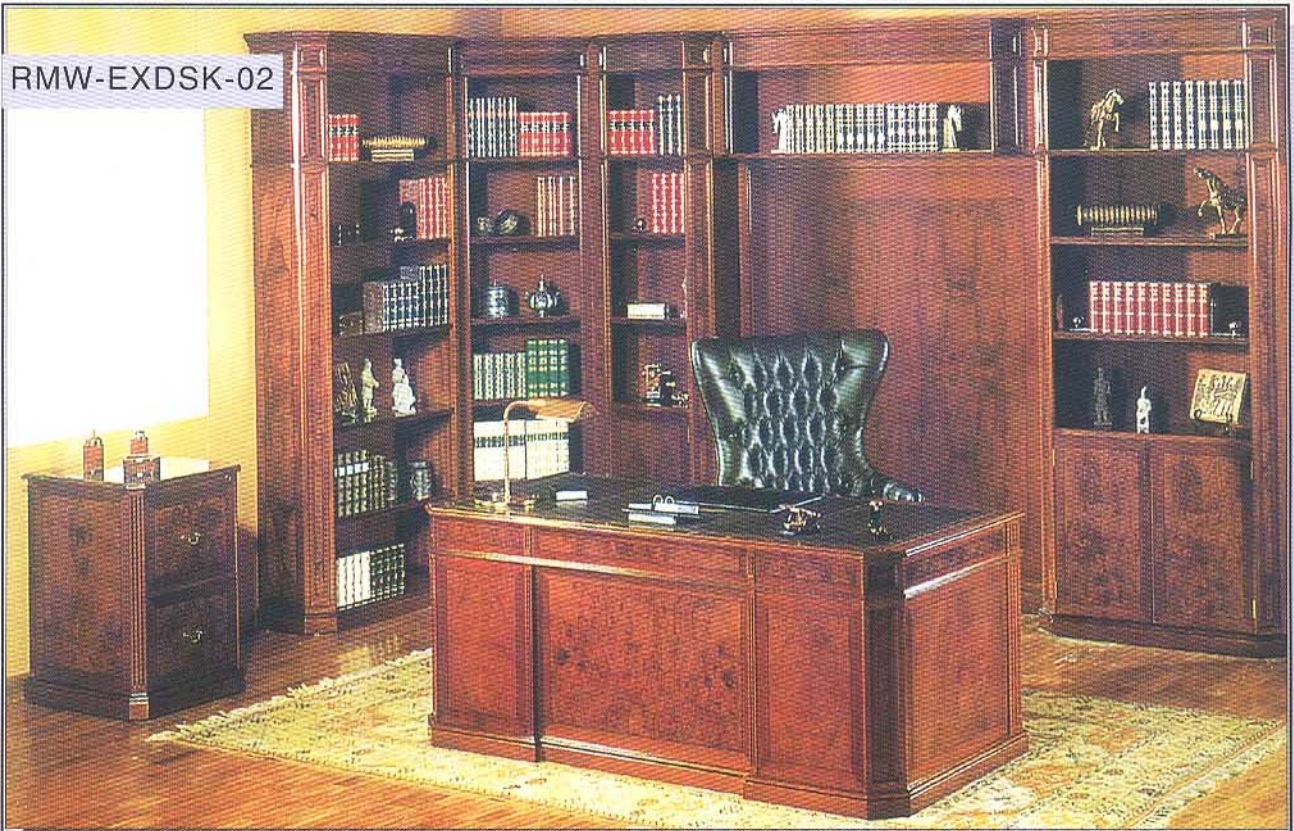

Richly carved solid acacia doors co-ordinate beautifully with matching cabinets and accessories
